Ink-Jet and Toner Cartridges

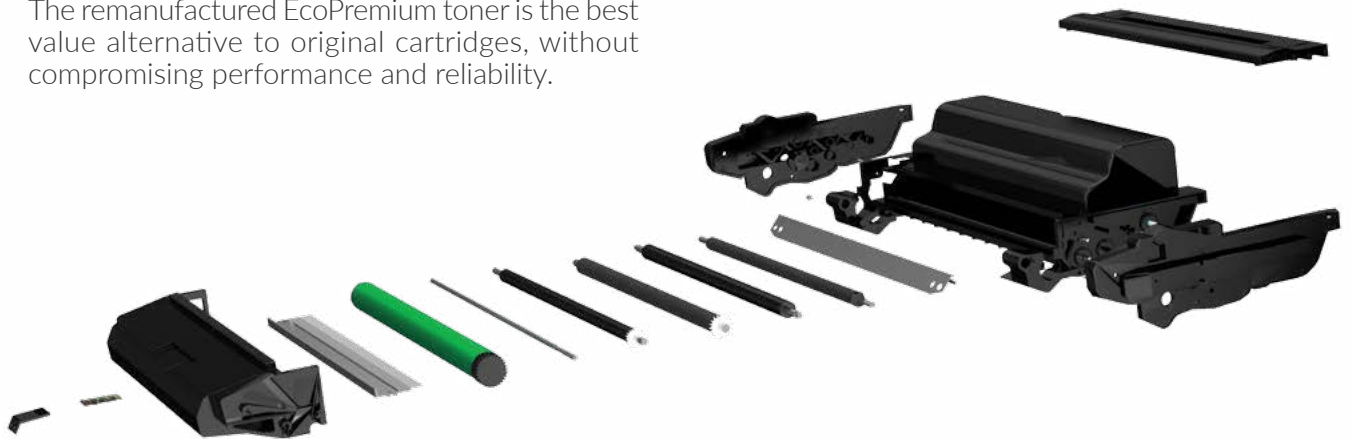

REASONS BEHIND

ECO PREMIUM

The **EcoPremium products line** has been developed by EcoService to answer market's deep change. Recently toner cartridge market is increasingly taking into account environmental concerns as well as the issues of recycling and reusing products.

These challenges require quality improvement, top skills and better performances at competitive prices.

The remanufactured EcoPremium toner is the best value alternative to original cartridges, without compromising performance and reliability.

high quality
remanufactured
toner cartridge

- 01. 100% remanufactured toners**
EcoPremium toners are produced by replacing all internal components to offer a completely new product.
- 02. Tailored Production**
EcoPremium toners guarantee: best match between toner powder and drum; the real yield pages as the OEM; analysis of the print quality on the full cartridge life cycle.
- 03. Nordic Swan Ecolabel**
We obtained the Nordic Swan certification for about 500 EcoPremium toners. The Nordic Ecolabel is a world leader eco-label having rigorous environmental and climate criteria.

EP

ECOPREMIUM

remanufactured toner cartridge

Ecopremium is a product of the highest quality, subjected to rigorous testing, guarantees color quality, yield and a total respect for the environment.

Discover the real alternative to the OEM!

The widest cartridges range with the highest quality materials

We only use virgin empties, replacing all the internal components, toner, wiper blade, doctor blade, PCR, magnetic roller, recovery, seals, developer, microchip to have a cartridge with a new base.

Nordic Ecolabel Certification

The world's leading eco-label with environmental and climate stringent criteria, that promote the production of sustainable products.

Carbon Footprint Certification

National program for the evaluation of the carbon footprint. Analysis of the carbon footprint in the life cycle of remanufactured print consumables for sale to the final customer. Project co-funded by the Ministry of Environment, Land and Sea.

ECOSERVICE

Ink-Jet and Toner Cartridges

DISPLAY SOLUTIONS

The right dress for your cartridges corner

Many customers ask our support to make their business more appealing.

EcoService has developed during the years different displays, according to customers' needs: one solution includes only "Laser Toner cartridges Floor Display" or only "Ink-Jet cartridges Floor Display" or even mixed solutions with both categories of products

Ship directly to your customers

EcoService has recently activated for selected customers a Drop Shipping service to ship the goods directly to the customers.

If you are a dealer this service can do for you.

The Drop Shipping service offer you the ability to sell Ecoservice products with no initial investment, without having to buy products, without keeping stock or to handle with the logistics phase.

PULL

LASER TONER CARTRIDGE

YOUR LOGO

Full Packaging Service

EcoService offer neutral boxes that can be customized with your logo.

Packaging has been recently renovated to be new in the design and more "green" to reduce its environmental impact. Compared to previous versions, in fact, we reduced the use of inks and other components not renewable. The minimal and elegant design also highlights the customer's logo.

ECOSERVICE

Ink-Jet and Toner Cartridges

20 YEARS ON THE MARKET

EcoService Company was founded in 1996 and it has grown to be one of the foremost Italian and European remanufacturer Company of quality toners and ink cartridges.

With about 20 years of experience, our aim is to supply high quality, effective and reliable toner cartridges as OEM while providing customers cost savings and reducing environmental impact of the products.

Today, our commitment is to do more and much better. With a team of over 50 skilled people, organized in different departments (logistic, production, testing, sales, R&D...) we have all the internal resources to offer a tailored product, studied and developed according to the customers' needs.

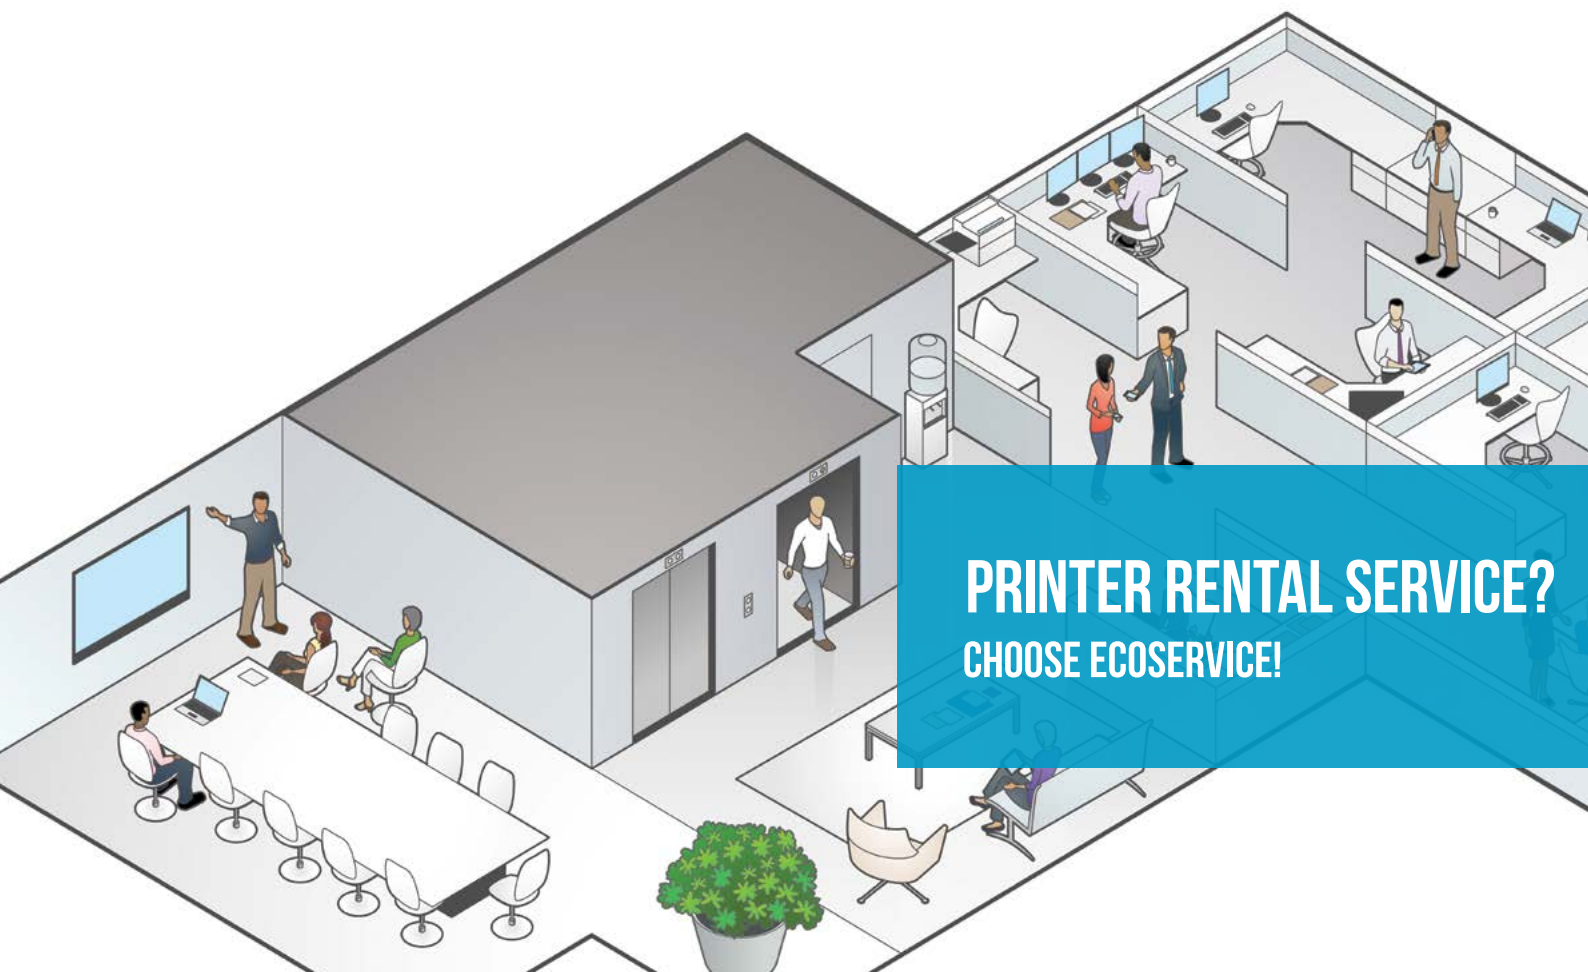

Recycle, Reuse, Save

EcoService © 2016

EcoService is a leading toner and ink-jet cartridges remanufacturing company. EcoService is not connected in any way with the brands Brother, Canon, Dell, Epson, HP, IBM, Kyocera, Lexmark, Minolta, Oki, Ricoh, Samsung, Xerox mentioned in this communication. These are registered trademarks of Brother International Corporation, Canon Inc., Dell Inc., Seiko Epson Corporation, Hewlett-Packard Development Company, International Business Machines Corporation, Kyocera Corporation, Lexmark International, Konica Minolta Holdings, Oki Electric Industry, Ricoh Company Ltd., Samsung Electronics Co. Ltd, Xerox Corporation.

PRINTER RENTAL SERVICE? CHOOSE ECOSERVICE!

Dedicated to those who are looking for a reliable partner.

Who offers the printers rental service, also known as “Cost per Copy” or “Cost per Print” must ensure a high standard of performance, ongoing support and highly customized solutions.

Its success is measured in a satisfied customer. And a satisfied customer is the one who can devote 100% of its resources to its core business. For these reasons, and for others, in the field of “Cost per Copy” the choice of printing supplies falls frequently to the OEM (Original Equipment Manufacturer). And rightly so. Because performance is certain, problems are few and benefits are guaranteed. But what if you could count on an equally reliable product at a much lower price?

FIVE REASONS FOR CHOOSING ECOSERVICE

1. We do offer printer rental service too and we experience everyday pro and cons.
2. Each product goes under a five steps quality check (Raw materials control, Performance test, Duration test, Aesthetic standards compliance, Packaging quality control).
3. Every product is accompanied with detailed technical data sheet which indicates used materials, remanufacturing process, performance.
4. You can customize packaging with your logo
5. You can count on a proven and efficient Ecobox service to manage empty
